Re: Westinghouse Electric/Columbia Plant
Technetium-99 Source Investigation dated July 30, 2020
Richland County
Consent Agreement CA-19-02-HW
File # 51377

Dear Ms. Logsdon:

The South Carolina Department of Health and Environmental Control (Department) has reviewed and approves the Technetium-99 (Tc-99) source investigation report. The Department concurs with Westinghouse that the sampling data supports that current operating process does not have the potential to introduce significant quantities of Tc-99 into the groundwater. Please feel free to contact me with any questions or comments at (803) 898-0722 or kuhnkm@dhec.sc.gov.

Sincerely,
